

**ADVOCACY DAY**  
**Wednesday, May 7, 2008**  
**Help Enact a Permanent Ban on**  
**Physician Self-Referral**

***Now is a critical time to come to Capitol Hill and tell your Members of Congress about the negative effects of physicians' ability to self-refer to hospitals in which they have an ownership interest. Join your colleagues in Washington to urge senators and representatives to enact a permanent ban on physician self-referral. We must make every effort to ensure fair competition in health care and to protect the Medicare program, the seniors it serves, and the health care networks in communities across the country.***

**Program Schedule:**

Continental Breakfast available at 7:00 AM  
Program begins at 7:30 AM  
Hill appointments to begin at 9:00 AM

**Briefing Location:**

**The Hyatt Regency Washington**  
400 New Jersey Avenue, NW  
Washington, DC 20001
